

# BodyForm™

Thoracic & Thoraco-Lumbar Fixation System

#### Fewer Parts

Only one screw type per construct streamlines the surgical technique.

#### Fewer Steps

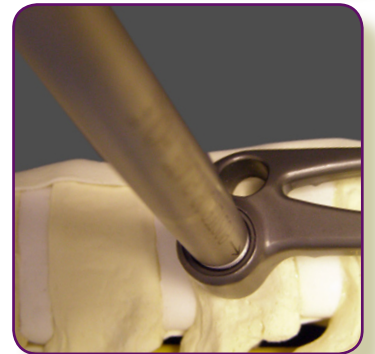

3 step insertion technique using all-in-one cannula.

#### Low Profile & Smooth Contours

BodyForm is one of the lowest profile systems on the market. Its smooth contours are less abrasive to soft tissue.

#### Optimum Graft Viewing

The large graft window more easily allows for fusion verification.

## DESIGN RATIONALE

**BodyForm Thoracic Fixation System** in conjunction with **BodyForm Thoraco-Lumbar Fixation System** provides a fixation solution for spine regions from T1-L5.

The BodyForm Thoracic and Thoraco-Lumbar fixation systems require fewer parts and fewer steps. The three-step insertion technique with the (all-in-one) cannula simplifies the procedure. The secure tapered screw design ensures the screw remains in locked position.

The BodyForm System may be used in combination with Theken's **x-POD Adjustable Vertebral Body Replacement** or **Vu Mesh Vertebral Body Replacement** to provide a complete trauma/tumor solution.

THORACIC FIXATION	
<b>Anterior Plates:</b>	
60mm, 62mm, 64mm, 67mm, 70mm, 73mm, 76mm, 79mm, 83mm, 87mm, 91mm, 95mm & 99mm.	
<b>Bone Screws:</b>	
Diameter:	5.5mm
Length:	20mm to 60mm in 5mm increments.
<b>Set Screw</b>	

THORACO-LUMBAR FIXATION	
<b>Anterior Plates:</b>	
74mm, 77mm, 80mm, 84mm, 88mm, 92mm, 97mm, 102mm, 107mm, 112mm & 117mm.	
<b>Bone Screws:</b>	
Diameter:	7.0mm
Length:	20mm to 60mm in 5mm increments.
<b>Set Screw</b>	

## FEWER PARTS, FEWER STEPS

*Surgeons agree:* simpler instrumentation and fewer implants are more beneficial for the surgeon, support staff and patient.

### About Theken, a family of companies

The Theken family of companies, Theken Spine, LLC, Theken Disc, LLC, Theken Orthopaedic, Inc. and Therics, LLC ([www.theken.com](http://www.theken.com)), specializes in pioneering spinal implant technologies that improve spinal surgical techniques benefiting patients as well as surgeons. Theken provides comprehensive product lines that offer surgeons peace of mind through steadfast product reliability and easy-to-use instrumentation.

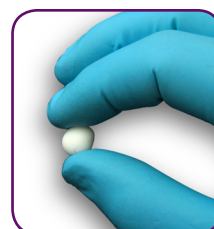

Products include cervical plates, pedicle screws, spacers, degenerative/deformity devices and trauma devices. Theken also leads the market in next-generation artificial disc replacement technology.
